MOTIVACTION EMPLOYEES HELPS HAITI WITH SCHOOL SUPPLY DRIVE

[Minneapolis, MN] (October 13, 2010) – [MotivAction](#) employees supported a relief drive this fall that provided school supplies and recess equipment for a school with 150 children outside of the city Haiti.

“The great support by our employees show compassion for the children of Haiti who have limited access to classroom supplies we often take for granted in America,” said Joe Keller, CEO of MotivAction. “We feel fortunate to be able to donate supplies and the time of our employee volunteers to help the children of Haiti.”

More than 100 employees filled boxes that included new classroom musical instruments, flashcards, notebooks, solar powered calculators, pens, crayons, soccer and softball equipment, maps and teacher aids. They worked in conjunction with staff from the Hands of Friendship who regularly send volunteers to support the school and community of Arcahaie, Haiti.
